MINUTES

1 Opening Comments

First meeting of trustees to discuss funding applications. MA reminded group of core purpose. Supporting small local charities which aim to improve the well being of young people in the East Riding Area.

2 Application form and scoring process

MA shared application form and scoring process with the group.

3 Happy Days Application

After reviewing the application we voted to not support this charity. Although the charity outlined children with needs in the Hul/East Riding area it was clear this was a national charity with significant resources and not in line with our intention to support smaller locally run charities.

Hull Beats Bus

After close review of this charity we voted to support the application for £1000. This being a small locally ran charity providing children access to support via performing arts this alligns well with our core purpose.

AOB

Trustees to meet 6 monthly to discuss applications.
